Appeal Church Case

Rev. Duvall was in Kansas City with others last week perfecting the appeal of the Cumberland Presbyterian church case to the circuit division of the Federal court. The case was tried in the Federal district court at Kansas City and went against the C. P. church men. Later the C. P. men decided to appeal the case and gave the necessary bonds, last week to have their appeal filed to the circuit court which will be in session at St. Louis in September or St. Paul, Minn., in December. The case will be put on the calendar for one of these terms. Rev. Duvall stated that he was hopeful of winning the appeal case. He also gave the reporter a case in the Supreme court of the state of New York wherein the court held that in the case of church property the property belonged to the persons who erected it and in that portion of the congregation which remained of the faith or creed that built the property. This was in the case of another church but he declares the facts on "all fours" with the contention between the U. S. A. Presbyterians and the Cumberland Presbyterians in other states.

L.D. Applegate of Kansas City was a guest of relatives here Friday and Saturday.

Negro Killer Captured

Some nine or ten years ago Jim Holley, a colored boy stabbed one Harry Houston, in the south part of Salisbury near the mineral well in an altercation over a woman and fled the country. Houston lingered a few days and died and no more was heard of Holley until a day or two ago when he showed up at Huntsville and was taken into custody by the marshal there and on Sunday morning was delivered to the Marshal at Salisbury. A warrant was sworn out before Justice Trammel and on Monday morning defendant in open court waived preliminary hearing and was sent to jail. He admits the killing but says he had been gone so long that he supposed nothing would be done about it. His case will come up at the September term of circuit court.

School Contract

The contract for the new public school building was let Wednesday evening to J. C. King of Kansas City who proved the lowest and best bidder. The price is \$13,730 and the work of tearing down the old structure is to begin Monday. With a salvage estimated at \$5000 this give a school worth about \$19000. The plans are those published in the Courier at the time the plans were accepted.

Cut Off Finger

Avoid Him

It has been and perhaps will always be, that there are those who have but one thot, personal gain. The rights of others are perpetually subordinated to this principle, as they hold it to be, and nothing which interferes with their prospects of accumulating will be tolerated, much less endorsed. No public spiritedness, no charity, no sociability unmixd with their personal aggrandisement or private gain in cash, and it even extends to church membership. That person whose connection with you in any manner is at tributable only to how much your are worth to him in cash or other advancement, is the most unworthy dog ever at large without a collar. That individual who gauges you only by your penchant and luck in gaining, is the most questionable friend you can boast, for if you grow tired of the game and quit, or go broke, his is the first voice heard in disgusted deprecation. Size such fellows us and hold them in the estimation which they deserve and never give them a single point of advantage. Don't experiment with what has proven disastrous thru all ages and conditions of life, the friendship of the fellow who sees good in you only to the extent that you can serve his purposes.

Suicided Sunday

C. C. Deen, aged 58 years, a widely known farmer of Livingston county hung himself Sunday morning at his farm near Chilli-cothe. No motive is assigned for the deed. His father hung himself at Kansas City a year or two ago and his wife is an invalid. He hung himself in a shed before an open door so that passersby could find the body.

Mt. Pleasant Association

The Mt. Pleasant Association, the missionary organization of the Baptist church for Chariton, Randolph and part of Macon county met here at the Baptist church Thursday. There was a good crowd of delegates from this county and a number from others as well. Salisbury was well represented.

4000 Lives Lost

Four thousand lives were lost in a holocaust at the residence of E. W. Herring Sunday. Mr. Herring reports that the terrible loss of life occurred in the following manner: He was out in his chicken house burning some straw which had become infested with vermin and burned it, thinking the fire was out. He went to the front yard and sat down. Later a neighbor asked him what he was burning in the back yard. He went there and found the chicken house ablaze inside. He grabbed a bucket of water and put out the fire. The mangled and burned remains of 4000 (four thousand, count 'em) chiggers lay toes up on the dry and parched sod.
